3. Public Comment
   The Chair acknowledged the birthday of Gladys Martines, in attendance at the meeting.

4. Regional Housing Authority of Sutter and Nevada Counties – Presentation on Senior
   Housing Lone Oak Project (Executive Director Gustavo Becerra)

   Presentation by Gus Becerra regarding the Regional Housing Authority and the Lone Oak
   Senior Apartments Project (“Project”). The Regional Housing Authority (“RHA”) now
   serves Sutter, Nevada, Colusa and Yuba Counties and has changed its name to remove the
   County names.

   Executive Director Becerra explained the process of financing and designing the project.
   The RHA has been working on the project for several years and expects to break ground in
   the spring of 2020. Plans will be submitted to the County before the end of 2019.

   The Project footprint is just less than 2 acres and includes 31 total apartments, 1 unit is for
   an onsite manager. It also includes a community room with a kitchen, exercise room,
   community garden, dog park and open space. The project will serve low income senior
   citizens who are age 62 or older and earn less than 60% of the median income. Rent
   projections are roughly 30% of the qualifying applicant’s income. The RHA has already
   been receiving calls from people interested in renting apartments.

   Executive Director Becerra answered questions and discussion ensued regarding
   accessibility and elevators, rental costs, ownership, tenants and occupancy, location,
   sidewalks, interior access, solar and parking.
Executive Director Becerra explained that the total cost of the project is approximately $10.6 million, which includes approximately $6.9 million in hard construction costs. The RHA works with local associations including the Nevada County Contractors Association and maintains a database of local contractors and trades. If subcontractors want to be added to the database, they can contact Senior Management Analyst, Jeffrey Thorsby at (530) 265-1480. They will be notified when the project is ready to bid.

5. An application for the Zoning Administrator for an Amendment to a Use Permit for the change of use from a gym to a coffee shop at 11412 Pleasant Valley Drive (PLN19-0150; AAP19-0003)

Jeffrey Thorsby, Senior Management Analyst, provided an update from the County regarding the project. The Planning and Public Works Departments have reviewed the project and made modifications to the project requirements as allowed. Rather than a Traffic Study, a Traffic Memorandum will be required.

Discussion regarding the planning and development process, ease of service, express service, kiosk service, preapplication review and programs to educate the public on the process ensued.

6. PG&E Public Safety Power Shutoffs Update (Jeffrey Thorsby)

A joint letter to the California Public Utility Commission (“CPUC”) was sent from the County, City of Grass Valley and City of Nevada City on November 5, 2019. The letter outlined concerns regarding the Public Safety Power Shutoffs occurring and the impacts to the community, including businesses and individuals. There have been huge economic impacts to the community. Better information and communication are needed.

The Chair noted that the County is doing a great job disseminating information through social media and its website. The County is sharing information regarding the impacts with the California State Association of Counties. The County is engaged in the discussion regarding provision of utility services and staff will obtain a schedule of local meetings for PVMAC members.

7. Penn Valley Area MAC Marketing and Communications Subcommittee

Discussion ensued regarding the subcommittee and membership. New members of the subcommittee will be Michael Mastrodonato, Teresa Dietrich and Rick Nolle.

8. Next MAC MEETING will be December 19, 2019 at 6:00 p.m. at the Buttermaker’s Cottage, located at 18560 Penn Valley Drive, Penn Valley, CA. The meeting will be cancelled if no urgent business is presented. The Chair will provide notice.

9. Items for the Good of the Order

Bob Winters raised discussion regarding news coverage of the road closure on Penn Valley Road a few weeks ago. Coverage was mostly electronic and live news feeds, not in the paper news coverage.

Announcements of the Cowboy Christmas and Small Business Saturday events upcoming.

10. Meeting was adjourned at 7:15 pm.
2020 Policy Objectives:

- Maintain the County’s financial stability and core services.

- Reduce the loss of life during a wildfire by improving evacuation routes and early warning systems; creating more defensible space around private properties and driveways, building a network of maintained fuel breaks, engaging residents in emergency preparedness and fire-safe stewardship, and enhancing critical infrastructure.

- Provide community leadership to prepare for and minimize the impacts of Public Safety Power Shutoff (PSPS) events on residents and local businesses by providing timely and accurate public information, prioritizing and advocating for the hardening of critical public safety and telecommunications infrastructure, and assisting people with disabilities and older adults.

- Proactively support job-enhancing economic development by implementing business friendly data-driven policies, investing in broadband and infrastructure projects that enhance the quality of life for all Nevada County residents, and partner with private sector, non-profit, Grass Valley, Nevada City and Truckee leaders to collaboratively support local businesses and promote tourism.

- Coordinate with local jurisdictions, developers and other partners to facilitate development of and access to affordable and workforce housing development.

- Maintain and continue to improve the cannabis permitting and enforcement program to promote permitted cannabis activities while investigating options for additional supply chain license types and a compassionate use program.

- In partnership with community providers and other jurisdictions, utilize housing first and continue efforts to prevent homelessness, provide emergency shelter, expand supportive services, secure housing, and enhance coordination to address the needs of the homeless population and to mitigate impacts on the community.

- Promote community resiliency by implementing policies, cost-saving programs and best practices supported by the County’s Energy Action Plan.
