APPLICATION PACKET for MINOR USE PERMIT

This packet contains filing forms and instructions for submitting a complete application for those residential use permits that will be reviewed by the County Zoning Administrator, and which do not require environmental review. Minor use permits include changes to residential site development standards that require a use permit (i.e., height or fence increases). If it is determined that your project is subject to environmental review, a Minor Use Permit is not the appropriate application. You must complete all forms and submit all required supplemental documents or your application will not be accepted.

If your project is located within the Sphere of Influence of the City of Grass Valley, the City of Nevada City or the Town of Truckee, County General Plan Policy 1.8.4 requires that the City first determine whether or not it desires to annex the project. If the City determines that it does desire annexation, the project will be processed by the City. If annexation is not desired, the County must be advised in order to process your application.

Applications must be filed in person in the Planning Department before 4:30 p.m. Once a complete application has been filed it will be assigned to a Planner and routed to applicable agencies for comment and review. Approximately 50 days after filing your application you will receive a copy of the Staff Report prepared for your project. That Report will include any recommendations for your project, including any County ordinance requirements, possible road improvements, additional fees and other agency requirements. Please read the Staff Report carefully so you understand what conditions will be attached to your approval. If you have questions you should call the project planner as soon as possible so that problems can be resolved before the hearing takes place. **You or your authorized representative must attend the public hearing or no action will be taken.** Surrounding property owners will also be notified of the hearing. During the hearing, the Zoning Administrator will consider the staff recommendation, your comments and any input from the public. The ZA may either 1) approve your project, 2) approve it with conditions, 3) deny it, or 4) continue it for additional information if necessary. If there is specific ordinance criteria for the type of use you are proposing you should obtain a copy of that ordinance. If you need general information regarding the use permit process, ask for a copy of the "Use Permit Guidelines".

Immediately after filing your application, please post your property with the pink Planning sign attached to this packet, so it is easily identifiable by the agency representatives that will be inspecting your site.

**SUBMITTING A COMPLETE AND ACCURATE APPLICATION AND SITE PLAN WILL
HELP TO MAINTAIN YOUR DESIRED HEARING SCHEDULE.**

AGREEMENT TO PAY FORM

Nevada County Community Development Agency fees are based on Board of Supervisor approved fee schedules. Hourly fees and fees for services in excess of a minimum fee collected, including re-inspections, are billed to the applicant based on the Board approved fee schedule in effect at the time the work is performed by staff. This *Agreement To Pay Form* must be signed and original signatures submitted to the NCCDA along with the completed permit forms and the initial payment of fees. Copies of current fee schedules are available from our Customer Service Staff or on the web at <http://www.mynevadacounty.com>

I/We understand that the NCCDA will bill as services are rendered, and I/We agree to pay such billing within thirty (30) days of the mailing of such billing for the project/permit. If payments on outstanding invoices are not made within thirty (30) days after the date of the invoice, County staff may cease work on the project until the required payment is made, subject to any other provisions of the law. All fees must be paid prior to the granting of any permits, approvals, or any land use entitlement for which services are required. The collection of fees, however, does not guarantee the granting of any permits, approvals, or land use entitlements for which I/We are applying.

NEVADA COUNTY

HAZARDOUS MATERIALS / WASTE STATEMENT

APN: _____ Property Owner: _____

Hazardous sites: General Plan policy requires the County pursue the cleanup of sites contaminated by mine waste or other hazardous materials prior to approving land use projects. Where hazardous waste or hazardous materials may occur on a project site, a Phase I site assessment may be required prior to processing or approving your project. Respond to the following questions and provide the requested information:

1. Is there evidence of any past, potentially hazardous use on or near the project site, including underground fuel storage tanks, dumpsites, artillery ranges, surface or subsurface mining activity?
 - Yes Provide a Memo from the County Dept. of Environmental Health that adequate information is on file to accept the project for processing.**
 - No List the research and/or source of information justifying your response.**

Hazardous use. It is the applicant’s responsibility to understand the definition of “hazardous material” and “hazardous waste,” as defined in the California Health & Safety Code, Chapter 6.5. The storage of hazardous materials and the generation of hazardous waste are regulated under federal, state and county codes. The storage of hazardous materials in quantities equal to or greater than, a total weight of 500 pounds, or a total volume of 55 gallons, or 200 cubic feet at standard temperature and pressure for compressed gas; or the generating of hazardous wastes in any quantity, requires a permit from the Nevada County Department of Environmental Health.

2. **Will hazardous materials be used, or will hazardous waste be generated from the facility resulting from this project? Check the appropriate response and provide the listed information.**
 - Yes** A Hazardous Materials Inventory Statement (HMIS), obtained from the Department of Environmental Health, must be filed with this project application.
 - No** Explain why no hazardous materials are used for the proposed use or business:
