At the time of filing an Application for Changed Assessment, or at least 30 days prior to the hearing, the taxpayer has the right to request information from the Assessor regarding the case to be presented regardless of the assessed value of the property. The Assessor may request such information when the assessed value of the property exceeds $100,000. This exchange of information may assist both parties in understanding the basis for their differing opinions of value and methodology of the valuation. At the hearing, evidence can be introduced only on matters so exchanged unless the other party consents thereto.

Upon receipt of the request for an exchange of information, the other party must provide the information on later than 15 days before the hearing. If the requested information is not submitted in a timely manner, the Board may grant a postponement of the hearing to allow extra time to produce the information. If the Board finds that there is willful noncompliance, the hearing may commence as originally scheduled, and the non-complying party may comment on evidence presented by the requesting party but may not introduce other evidence unless the other party consents to it.
