

NEVADA COUNTY RECREATION PROVIDERS

Nevada County is not a recreation provider in the traditional sense of the term. The County's primary focus is on planning for and facilitating the provision of park and recreation services (facilities and programs) throughout the County. Therefore, the County relies on government and non-governmental entities that own, plan, build, and manage recreation resources in Nevada County. This list provides contact information for agencies and organizations that provide recreation services in Nevada County.

This list is not intended to be exclusive. Therefore, if there is an agency or organization that provides recreation services in Nevada County but is not listed below, please send an email to the following address with details regarding the recreation provider to be included: Larkyn.Feiler@co.nevada.ca.us.
