Third Party Plan Review Process

Permit applicants wishing to expedite their plan review process may request a Building Department approved third party review firm to perform the project plan review.

Permit applications shall be submitted to the Building Department. The applicant then may choose from a list of Building Department approved contractors for plan review and complete a request form for a third party plan review. The Building Department will process the application and route the plans to the third party for review. Any other county department approvals are required before issuance.

The following companies have met the minimum requirements of Nevada County's Building Department for providing third party plan review services:
