- ✓ Dialysis centers

Vaccinating NOW

Phase 1A - Tier 2

- ✓ Home health care and in-home supportive services
- ✓ Community health workers and public health field staff, including promotoras
- ✓ Primary care clinics, including federally qualified health centers, rural health centers, correctional facility clinics, and urgent care clinics
- ✓ Non-residential mental health and substance use disorder treatment facilities

Vaccinating NEXT

Phase 1A - Tier 3

- Specialty clinics
- Laboratory workers
- Dental and other oral health clinics
- Pharmacy staff not working in settings in tiers above
- Mortuary, cemetery district, and coroner staff

Phase 1B

The state has not finalized this list, but current sectors that have been recommended to the state are:

- Tier 1: Age 75+, also education and childcare, emergency services (fire, police, corrections), food and agriculture
- Tier 2: Age 65+, also workers in critical manufacturing, facilities and services, transportation and logistics, those who are incarcerated or experiencing homelessness

Phase 1C

The state has not finalized this list, but current sectors that have been recommended to the state are:

- Age 50+
- Persons aged 16 to 49 years old with underlying medical conditions and/or disability
- Other critical infrastructure workers

A check means vaccinations are currently available to that group.

Currently, there is a limited supply of the vaccine. This information will be updated as supply increases.
